### Asian Conference on Biomass Science (ACBS 2018)

We co-organized 6th Asian Conference on Biomass Science (ACBS2018b) held on July 31, 2018 in Bogor, Indonesia. The site was IPB International Convention Center, and around 80 participants discussed Asian biomass. Because it was in Indonesia this time, many participants were from Indonesia and presentations related to palm oil were often. We also co-organized the 3rd International Conference on Biomass (ICB3) that was held on Aug. 1 and 2, just after ACBS2018b also in Bogor. We appreciate the help given by Prof. Erliza Hambali and Dr. Obie Farobie from Bogor Agricultural University on the organization at the conference site.
